

Workshop: CROCS at CP-10

Third International Workshop on Constraint Reasoning and
Optimization for *Computational Sustainability*

September 6, 2010

St Andrews, Scotland

Workshop Schedule (revised)

14:00 - 14:40	Computational Sustainability: A Brief Overview <i>Ashish Sabharwal</i>
14:40 - 15:10	Playing Games Against Nature: Optimal Policies for Renewable Resource Allocation <i>Stefano Ermon, Jon Conrad, Carla P. Gomes, and Bart Selman</i>
15:10 - 15:40	Computational Aspects of a Large Environmentally Extended Input-Output System <i>Reinout Heijungs and Arjan de Koning</i>
15:40 - 16:10	<i>Tea/Coffee Break</i>
16:10 - 16:40	Game Playing Techniques for Optimization Under Uncertainty <i>Kiyan Ahmadizadeh, Carla P. Gomes, and Ashish Sabharwal</i>
16:40 - 17:10	A Family of Resource Constraints for Energy Cost Aware Scheduling <i>Helmut Simonis and Tarik Hadzic</i>
17:10 - 17:30	Open Discussion

Sponsored by the Institute for Computational Sustainability (ICS),
Cornell University, USA.
