## Workshop: CROCS at CP-10

Third International Workshop on Constraint Reasoning and Optimization for *Computational Sustainability* 

September 6, 2010 St Andrews, Scotland

## Workshop Schedule (revised)

14:00 - 14:40	<b>Computational Sustainability: A Brief Overview</b> Ashish Sabharwal
14:40 - 15:10	Playing Games Against Nature: Optimal Policies for Renewable Resource Allocation Stefano Ermon, Jon Conrad, Carla P. Gomes, and Bart Selman
15:10 - 15:40	<b>Computational Aspects of a Large Environmentally Extended</b> <b>Input-Output System</b> <i>Reinout Heijungs and Arjan de Koning</i>
15:40 - 16:10	Tea/Coffee Break
16:10 - 16:40	Game Playing Techniques for Optimization Under Uncertainty Kiyan Ahmadizadeh, Carla P. Gomes, and Ashish Sabharwal
16:40 - 17:10	A Family of Resource Constraints for Energy Cost Aware Scheduling Helmut Simonis and Tarik Hadzic
17:10 - 17:30	Open Discussion

Sponsored by the Institute for Computational Sustainability (ICS), Cornell University, USA.
